

Chapter Census

Submit by March 10, 2023

The chapter census has a two-fold purpose. It makes the chapter aware of its progress, verifies the national database, and helps the Board of Governors evaluate activities of chapters. You will have the following questions on the report registration site. These questions will allow you to gather the proper information in advance of sitting down and filling in the submission form. The submission form can be accessed from the bottom of this page.
