## **Purchase and verify a Chapter Membership (bulk memberships for chapter members)**

- The Chapter Membership provides membership for an unlimited number of student and professional members from that institution.
- Chapters that elect to buy a chapter membership will designate a registration coordinator (advisor or other). That person fills out this “Chapter Membership Order,” and pays the \$100 Chapter Membership fee.
- The registration coordinator also e-mails a list of member names covered in the Chapter Membership purchase as follows.
  - Please send a 3-column spreadsheet with the chapter name in column 1, first names in column 2, and last names in column 3.
  - The registration coordinator should send additional spreadsheets if additional members join after the original submission.
  - Although members covered under a Chapter Membership must register online, their membership isn’t confirmed until verified by the chapter registration coordinator on a spreadsheet.
  - E-mail spreadsheets to [national-office@nbs-aerho.org](mailto:national-office@nbs-aerho.org) and put the chapter name followed by “chapter member verification” in the subject line.
